**BLUEBONNET FLY-IN POSTPONED DUE TO RECOVERY EFFORTS AT SAN MARCOS AIRPORT**

***Fly-In rescheduled for June 6. Proceeds will be donated to Hays County Salvation Army.***

San Marcos, TX (May 27, 2015) – Due to the recent hardships faced by the local community after the Hays County flooding during Memorial Day weekend, Redbird Skyport has announced that it will postpone the Bluebonnet Fly-In at San Marcos Airport. The fly-in, originally scheduled for this Saturday, May 30, will now take place on June 6 from 10 AM – 4 PM. To support those affected by this tragic event, all proceeds from the fly in will be donated to the Hays County Salvation Army.

“We regret any inconvenience this change may cause,” said John Koenreich, general manager for Skyport, “but it needed to happen to allow us to continue to support the on-going rescue and recovery efforts that have been operating out of Skyport since the disaster began.”

San Marcos Regional Airport and the Redbird Skyport facilities have been a main coordination center for National Guard helicopters, search and rescue aircraft and survey flights.
